Communications Data Group Expands Customer Base

CHAMPAIGN, IL – Communications Data Group, Inc. (CDG) is pleased to announce the signing of 12 new contracts for MBS and CABS services during the first three quarters of 2011. The new clients range from traditional ILECs, such as Moundville Telephone Company (AL), Tri-County Telephone Membership Corporation (NC) and Chugwater Telephone Company (WY), to CLECs like NexGen Communications (IA), Clearwave Communications (IL) and Cbeyond (GA), through CDG partner Data Tech.

According to Andrew Sabatuk, CDG Vice President of Sales, “With the changes in the market and pending FCC revisions, telecoms are focused on obtaining scalable, cost-effective solutions that can enable them to meet these new challenges head-on. The growth in new contracts that we are currently seeing is a testament to the ability of CDG’s MBS and CABS products to do just that.”

About CDG:

CDG is a telecommunication billing solutions source offering MBS for wireline, internet, cable, VoIP, and IPTV, convergent billing, electronic billing, service provisioning, customer care, mediation, operational support systems and Carrier Access Billing System (CABS). CDG’s CABS solution is flexible, scalable and developed in a modular design. Invoices produced either electronically, on CD-ROM or paper meet C/BOS industry output standards. The system provides audit trails for tracking messages and minutes. All Meet-Point options for all carriers, traffic types, jurisdictions and tariffs flow through the system.
